

MANOVIKAS KENDRA
SUMMER PROJECT- 2019-2020

Aim of the Project: The focus of the project is on the student's environmental and social awareness.

Activity 1a : To visit any places in your locality – park, post office, bank, hospital, market, shopping mall, nearest metro station / railway station and make a 3D model / sketch of any one.

Or

Activity 1b : People who help us in our daily lives - sweeper, milk man, news paper man, electrician etc

Paste photographs and write how they help you.

Activity 2a : To be aware of the different seasonal fruits and vegetables.

- The students can go to a local market and see the different kinds of fruits and vegetables available during summer.
- Paste photographs and describe it's benefits.

Or

Activity : 2b : List the precautions to be taken on any forecast of Natural Disaster

Important points to be noted:

- The project should be done in the Scrap Book.
- Parents may help or guide their ward to complete the project but student's effort and participation according to his or her functioning level will be appreciated.
- Projects can be in any language as long it is relevant.
- Students must stick photographs or may write as per their ability.
- The last date of submitting your project is on **12th June 2019**.
- Project received after the last date or incomplete will not be considered for prize.
- The Best Project will win Attractive Prizes.
- **The student must do both activities 1 & 2 otherwise it will be considered as incomplete.**
